2024 PRICE GUIDE BESPOKE WEDDING STATIONERY

BESPOKE DESIGN FEE

Bespoke design fees start **from £150.00** depending on your requirements—from venue line drawings to bespoke watercolour illustrations (£200.00). Digital artwork is then created for print across your wedding stationery and reception stationery. This is a one off fee in addition to your print costs and includes a fine art giclee print of your chosen illustration.

PROOFS

PDF proofs will be emailed to you throughout the design process, to allow for any amendments to your artwork prior to printing. Two rounds of refinements are included in the design fee, any further changes will be priced by the hour (£36.00). Once we receive proof approval and sign off from you, your artwork will go to print and any further changes or amendments cannot be made without incurring extra costs.

LETTERPRESS & HOT FOILING

Please contact me directly for prices on letterpress and hot foil printing. Due to this different print process, prices vary depending on how many colours and foils are used. Prices for this style of invitation start **from £8.40 each inc corresponding envelope**.

THERE IS A MINIMUM ORDER OF 40 INVITATIONS FOR FOIL/LETTERPRESS ITEMS

EXTRAS

Silk ribbons are calculated by length, which can be colour matched to your chosen stationery palette.
